

WHISTLEBLOWER POLICY

1. Scope of Policy

This Policy is designed to enable employees and officers of Kinetic Supply-Chain Services, LLC (KSCS) ,including temporary staff and consultants, to raise any concerns internally and at a high level and to disclose information which they believe shows financial malpractice, impropriety, fraud, theft, criminal activity and corruption.

Any event that could have a significant consequence on KSCS's results and that, to the knowledge or belief of one individual, is neither adequately stated nor accounted for, could be reported under this Policy.

In the United States, Section 302 of Sarbanes-Oxley states: "Each audit committee shall establish procedures for the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters."

KSCS has endorsed the provisions set out below so as to ensure that no staff members ever fear dismissal or reprisal in raising legitimate concerns. It should be emphasized that this Policy is intended to assist individuals who believe they have discovered financial malpractice, fraud, theft, criminal activities or impropriety. It is not designed to question financial or business decisions taken by KSCS.

KSCS Ownership is responsible for overseeing the receipt, investigation, resolution and retention of all credible, serious complaints submitted pursuant to this Policy and to review its terms and conditions on an annual basis.

2. Safeguards

A. *Protection*

This Policy is designed to offer protection to those employees of KSCS who disclose such concerns (the "**Whistleblower**"), provided the disclosure is made in good faith.

B. Confidentiality

KSCS will treat all such disclosures in a confidential and sensitive manner. The investigation process may reveal the source of the information, but the Whistleblowers would be protected against any dismissal or reprisal.

C. Untrue Allegations

If an individual makes an allegation in good faith, which is not confirmed by subsequent investigations, no action will be taken against the individual. In making a disclosure, the individual should exercise due care to ensure the accuracy of the information. If, however, an individual makes frivolous allegations, disciplinary action may be taken against the individual.

3. Procedure for making a disclosure

Concerns should be raised with the Whistleblower’s line manager who will then notify one of the people listed below. However, if for some reason the Whistleblower does not feel comfortable to report through his/her line manager, then he has the right to bypass the line management structure and take his/her concerns directly to one of the following people:
